On October 6, 2016, twenty (20) University of Mount Olive students visited the SAS Institute (Campus) in Cary, NC. The Business Administration students, many of whom are majoring or pursuing an academic minor in Business Analytics, gained insight into the SAS Campus’ origins and history, took a virtual tour of the Campus, participated in SAS analytics demonstrations, learned of internship and career opportunities with SAS, enjoyed a hearty lunch, and indulged in a SAS-staple – M&Ms (factoid: 22 tons of M&Ms are consumed on the SAS Campus annually).
